Graphic Flower Bracelet

Make it yourself with **Makin's Clay™**!

Designed by **Greensward** Design Team

Skill Level - Intermediate

Time to Complete - 1/2 hour

(Does not include drying time)

Supplies:

* Makin's Clay™ - The No Bake Clay™

* No Kneading, conditioning, or baking required!

- 60g Neon Pink clay
- 60g Neon Orange clay
- 60g Neon Yellow clay
- 60g Neon Green clay
- 60g White clay
- 60g Blue clay

Recommended Tools:

- **Makin's Brand™** Roller
- **Makin's Brand™** Mallet

Other Materials:

- Hexagon Plastic Bracelet
- White Glue (We recommend Crafter's Pick™ Incredibly Tacky)

- 1.** Make a 2mm thick Neon Yellow clay sheet by **Makin's Brand™** Roller, hold the hexagon bracelet up side down and place it on the Neon Yellow clay sheet, trim the excess clay by **Makin's Brand™** Mallet according to the size of the bracelet's surface. Attach the trimmed clay sheet on the surface by white glue.

Step 1

2. Follow the above step to make Neon Pink, Neon Green, Neon Orange and Light Blue clay sheets, get the Light Blue color by mixing White clay and Blue clay together in proportion of 3:1. Again, glue them on each surface of the bracelet. Roll a 2mm thick Neon Yellow clay sheet and cut a shape of flower (with six petals) by the **Makin's Brand™** Mallet, use different colors for combination and make some different sizes for a nicer pattern arrangement.

Final. Repeat the step until you get at least six flowers and glue them on the surface of the Hexagon bracelet randomly. (Arrange at least two flowers on each side for a much fulfilling look)
