60g Brown Clay
60g White Clay
60g Red Clay
60g Black Clay
60g Yellow Clay

Recommended Tools:

* **Makin's Brand** Cutter Set (Animal)
* **Makin's Brand** Clay Gun Extruder
* **Makin's Brand** Clay Mixing Ruler

Other Materials:

* Black Bead for nose
* Wiggle eyes
* Aleen's tacky glue
* Toothpick
* Wire

1. Roll out Brown Clay 1/4" thick. Cut out head & arms. Slightly bend arms. Press your finger tip in bear's ears. Using Clay Mixing Ruler, mix together E Brown + F Yellow + G Natural and roll out 1/16" thick. Cut out bear's muzzle. Glue onto the head. With the tip of toothpick, form line down the center of muzzle and add a few dots to the cheeks, line eyebrows. Glue on eyes. Glue black bead on for a nose or form a small ball out of Black Clay to form nose. Let dry.

2. Cut a strip of clay 1" wide & 2" long. Wrap the piece of clay around your finger. Moisten or glue the seam then pinch at the top to fit finger tip. Allow to dry well before gluing all together.

3. With the Red Clay roll out about 1/16" thick and cut out bow tie. Press together at the center and glue on a small ball to center of bow tie.

4. For Bumble Bee: form egg shaped body & ball head from Black Clay. Glue together and press the tip of clay tool or toothpick to dot eyes. Glue a smaller ball of Brown Clay for nose. Press Yellow Clay through the Clay Gun Extruder using tiny round hole disk. Wrap one strand around the bee body to make stripes. Using two small pieces, form two loops for wings. Twist a piece of wire around the toothpick. Attach to the back of the bear and poke other end in the under side of the bee.

Final. When the head, arms, and the finger tip cover are dry, glue all pieces together.

Your cute bear finger puppet is now ready to play.
